The Ministry of Finance published a resolution issued pursuant to the Law of Financial Technology Institutions providing the forms to be used for reporting to the Finance Ministry the appointment of the Compliance Officer, the composition of the Communication and Control Committee, and to report relevant, unusual and internal transactions for Mexican e-wallet and crowdfund institutions.

Fintech institutions must deliver the reports through the electronic system operated by the National Banking and Securities Commission (STIV); the reports related to the first two quarters of 2020 are to be filed within the first ten business days of July.

Thereafter, reports must be delivered within three business days of a transaction being characterized as reportable. For additional information regarding the foregoing, please feel free to get in touch with your usual contacts at Nader, Hayaux & Goebel.
