Partners Héctor Arangua and Adalberto Valadez have contributed the Mexico chapter of the Chambers Investment Funds 2020 Guide.

This cross-border legal guide provides a global comparison of fundamental legal, tax and regulatory considerations relating to the establishment and operation of investment funds in a range of jurisdictions where the industry is active. Each chapter is written by leading legal advisers from the relevant jurisdiction, providing information on the structures typically used, the regulatory framework for those funds, any significant operational requirements, how the funds may be marketed, a summary of the tax treatment for both the fund itself and investors, and customary or common terms.

This guide seeks to provide guidance on the key questions arising when industry participants are seeking to establish, operate, market and/or invest in an investment fund. Investment funds often operate across multiple jurisdictions. Those who understand the global landscape will be at a distinct commercial advantage, as well as minimising their risk of falling foul of local laws.
