

NHG acts as Mexican Counsel to Lenders in US\$2.5 Billion Financing for Mayakan Natural Gas Pipeline “Cuxtal II” Expansion

Category: Banking & Finance

written by Gonzalo Martínez P. | julio 30, 2024

NHG acted as Mexican counsel to a syndicate of 13 financial institutions, including Crédit Agricole Corporate and Investment Bank as administrative agent and Scotiabank Inverlat, S.A., Institución de Banca Múltiple, Grupo Financiero Scotiabank Inverlat as Mexican collateral agent, in the US\$2.5 billion senior financing (including a letter of credit facilities) and a US\$100 million VAT facility granted to Energía Mayakan, an affiliate of the ENGIE Group, for the development, construction and operation of the expansion to the existing Mayakan pipeline system for the transportation of natural gas, mainly for CFE. This expansion comprises a new pipeline of ~ 700 kilometers in length to be located in parallel to the existing system, commencing at the natural gas processing center located in Nuevo Pemex in the State of Tabasco and terminating at the new CFE power plants Mérida IV and Valladolid IV in the State of Yucatán.

NHG’s advice included all matters related to the financing structure and collateral documents, rights of way, project contracts, negotiations with CFE, environmental and regulatory matters, insurance, and tax.

The expansion represents one of the current administration’s most relevant infrastructure projects, allowing CFE to secure transportation of the gas supply for the energy production required in the Yucatán peninsula. The expansion will duplicate the existing pipeline’s capacity to 567 million cubic feet. It will consolidate the interconnection with the marine project Puerta del Sureste, which transports gas from Texas, representing a historic boost to the region’s energy infrastructure while avoiding the emission of 4.6 million tons of CO₂ in Yucatán.

The project will directly benefit Chiapas, Campeche, Tabasco, and Yucatán users by lowering electricity tariffs while propelling industrial development.

The NHG senior financing team, led by partners Javier Arreola E., Vanessa Franyutti J., and Santiago Medina Z., demonstrated their expertise in this project. They were supported by associates Ana María Alpízar H., Juan José Pastrana M., L. Felipe Santana, Ana Azcoitia R., and Gabriela Zorrilla A. and law-clerks Daniela García R. and Natalia Armendáriz M., all of whom played critical roles in the successful execution of the project.

The NHG environmental and regulatory team, led by partner Marcela Ánimas M., associate Carlos J. Porrugas L., and law clerk Andrés Montemayor A., played a crucial role in ensuring the project's compliance with environmental and regulatory standards. Their expertise and dedication were instrumental in the successful execution of the project.

The VAT facility lenders were represented by partner Alejandro Rojas V. and associate Fernando Castillo V.

NHG team advice was complemented on insurance matters by partner Luciano Pérez G. and associate Enrique Salcedo R. on tax matters by partner Ana Paula Pardo L.

NHG advised the Syndicated Banks in the Concesionaria AT-AT restructuring

Category: Banking & Finance

written by Nader, Hayaux & Goebel | julio 30, 2024

NHG advised a syndicate of lenders including Santander, Banobras and Inbursa in the the restructuring and restatement of a senior credit facility granted to

Concesionaria AT-AT, S.A. de C.V. (a subsidiary of Aleatica) for up to \$7,200,000,000.00 Mexican Pesos to finance the development, construction, operation and maintenance of a 76 km toll highway that will run from Atizapán to Atlacomulco in the State of Mexico, concessioned in favor of the borrower by the Federal Ministry of Infrastructure, Communications and Transportation of Mexico. NHG also advised the lenders in the negotiation of the amendments required to the security package granted for purposes of securing the financing and the negotiation and implementation of a VAT facility agreement for up to \$2,214,300,000.00 Mexican Pesos required by the project.

The transaction implied several complexities since construction had been suspended for several months due to the impossibility to secure all the necessary rights of way and the financing had to be completed by a specific date as required by the Ministry of Infrastructure, Communications and Transportation to restart construction. The financing documents had to incorporate mechanisms to mitigate several risks for the lenders related to rights of way.

written by Nader, Hayaux & Goebel | julio 30, 2024

NHG advised Marriott on the sale of the “Puerto Vallarta Resort & Spa hotel”, which included real estate property, furniture, fixtures and equipment. Additionally, NHG acted as antitrust counsel securing approval of the transaction before the Mexican antitrust commission.

The transaction was implemented through an Asset Sale and Purchase Agreement subject to conditions precedent, along with the execution of several ancillary documents, including certain management documents whereby Marriott retained the management and operation of the hotel. The acquisition involved a structure in which one entity acquired the real estate property, while an operating company was created to take ownership of, among other things, the furniture, fixtures, and equipment within the hotel. A lease agreement for the real estate property was executed between these entities.

The transaction included an analysis of local and federal regulations related to the hotel operation permits and their transfer. Several documents were executed to ensure an appropriate transfer. Additionally, negotiations were conducted with both international and national suppliers to ensure the continuity of hotel operations and a seamless transition of services.
