written by Adrián Trejo Santiago | July 6, 2023

Take a look at our contribution to the Mexican Chapter of the Acquisition Finance 2022 Global Practice Guide of #Chambers & Partners. The Mexican chapter was prepared by partners [Adrián López](#) and [José Humberto Rocha](#) covering the most significant aspects of acquisition finance transactions, ranging from LBO's to security arrangements.

“Mexican banks (including credit and risk committees) adapted very fast to the lockdown, and performed very well despite the pandemic restraints and the increased workload derived from numerous “COVID-19 restructurings”.

“As in many other jurisdictions, acquisition finance faces the challenge of creating comprehensive and reliable financial models for targets. In many sectors, it is expected that such uncertainty will begin to dissipate by the second semester of 2021, as vaccines become available to the population at large and companies can access more elements to adjust their business plans accordingly.”
